**AFFIDAVIT OF MARK E. LANDSEIDEL IN SUPPORT OF
DUKE ENERGY FLORIDA, INC.'S
FOURTH REQUEST FOR CONFIDENTIAL CLASSIFICATION**

STATE OF NORTH CAROLINA

COUNTY OF MECKLENBURG

BEFORE ME, the undersigned authority duly authorized to administer oaths, personally appeared Mark E. Landseidel, who being first duly sworn, on oath deposes and says that:

1. My name is Mark E. Landseidel. I am over the age of 18 years old and I have been authorized by Duke Energy Florida (hereinafter "DEF" or the "Company") to give this affidavit in the above-styled proceeding on DEF's behalf and in support of DEF's Request for Confidential Classification. The facts attested to in my affidavit are based upon my personal knowledge.
2. I am Director of Project Development and Initiation. This section is responsible for the initiation and development of major non-nuclear generation projects for Duke Energy Florida, Inc. As the Director of Project Development, I have responsibility and management oversight for the Suwannee Simple Cycle combustion turbine project for the Company.
3. DEF is seeking confidential classification for its supplemental response to Staff's First Request for Production of Documents No. 2. A detailed description of the confidential information at issue is contained in confidential Exhibit A to DEF's Request for Confidential

Classification and is outlined in DEF's Justification Matrix that is attached to DEF's Request for Confidential Classification as Exhibit C.

4. DEF is requesting confidential classification of this information because it is proprietary and confidential competitive business information and contractual data and competitively sensitive commercial information and financial data, the disclosure of which would adversely impact DEF's and its vendor's competitive business interests.

5. When vendors are submitting proposals to, contracting with, and/or providing information to DEF the Company must be able to assure these vendors that sensitive business information will be kept confidential. Indeed, most of the documents at issue contain confidentiality provisions that prohibit disclosure to third parties. If third parties were made aware of confidential terms and conditions that the Company has with other parties, they may offer DEF less competitive contractual terms and conditions in any future contractual negotiations. Without DEF's measures to maintain the confidentiality of this information, the Company's efforts to obtain competitive services would be undermined.

6. The information identified as Exhibit A is intended to be and is treated as confidential by the Company. If this information was disclosed to the public, it could adversely impact DEF's competitive interests. Without DEF's measures to maintain the confidentiality, the Company's efforts to obtain competitive contracts would be undermined.

7. Upon receipt of confidential information from suppliers and transportation providers, and with its own confidential information, strict procedures are established and followed to maintain the confidentiality of the terms of the documents and information provided, including restricting access to those persons who need the information to assist the Company, and restricting the number of, and access to the information and contracts. At no time since

receiving the information in question has the Company publicly disclosed that information. The Company has treated and continues to treat the information at issue as confidential.

8. This concludes my affidavit.

Dated the _____ day of April, 2015.
