Comments:

this commission is just the bitch of the utility companies - every single one of you needs to be removed from the commission

if this isnt more proof of the PSC being the bitch of the utilities i dont know what is:

Florida's investor-owned electric utilities have lost \$6.1 billion in bad bets on the cost of fuel since 2002, a river of cash deep enough to build at least three natural gas power plants from scratch.

But Florida regulators Thursday unanimously rejected a bid by the office representing customers before the Public Service Commission to have the agency make those bad bets a central issue in proceedings that help determine what Floridians pay for their electricity.
