Florida Public Service Commission, Office of Commission Clerk

I am very concerned about the rate increase Utilities, Inc. of Sandalhaven are proposing. The company's business plan was based on the future growth of their business;i.e. new customers. Did the company have "plan B" in place in case the real estate market did not grow enough to fit their original plan? Apparently not. So we get stuck paying for their mistake. The hike from \$ 62.00 per month to almost \$ 149.00 is ridiculous.

Please do not allow this rate increase to take place.

Thank you for your consideration, Nora Powell
