DOCKET NO. 150002-EG  
ORDER NO. PSC-15-0480-CFO-EG  
ISSUED: October 15, 2015

ORDER GRANTING FLORIDA POWER & LIGHT COMPANY'S  
REQUEST FOR EXTENSION OF CONFIDENTIAL CLASSIFICATION  
(DOCUMENT NOS. 00494-13 AND 05832-06)

On February 24, 2015, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006 Florida Administrative Code (F.A.C.), Florida Power & Light Company (FPL) filed a request for extension of confidential classification of information provided pursuant to Audit Control No. 06-040-4-1 (x-ref. Document No. 05832-06).<sup>1</sup> Order No. PSC-07-0169-CFO-EG, issued on February 23, 2007, initially granted confidential classification for the documents. Three additional Orders extended confidentiality for 18 month time periods; Order No. PSC-09-0191-CFO-EG, issued on March 27, 2009; Order No. PSC-11-0318-CFO-EG, issued on July 28, 2011; and Order PSC-13-0477-CFO-EG, issued on October 15, 2013. On February 24, 2015, FPL requested that the period of time for confidential treatment be extended for the information contained in Document Nos. 00494-13 and 05832-06. FPL further requests that the information be returned to FPL as soon as it is no longer necessary for the Commission to conduct its business. Since audit materials of the type contained in these documents must be retained by the Commission for 15 years, the documents cannot be returned to FPL at this time.

Section 366.093(1), F.S., provides that records that the Commission has found to contain proprietary confidential business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and that has not been voluntarily disclosed to the public. Section 366.093(3), F.S., provides in pertinent part that proprietary confidential business information includes:

- (e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

FPL asserts that the information for which it seeks continued confidential status consists of customer specific account information. The customer information includes customer names, addresses, telephone numbers, account numbers, rates, billing determinants (kW and kWh usage), conservation savings in kW, and bills. FPL asserts that it does not reveal customer specific account information unless authorized by the customer or required to do so by law, in order to protect the customers' competitive interests and right to privacy. FPL contends that the

information for which it is requesting renewal of confidential classification is entitled to that classification pursuant to Section 366.093(3)(e), F.S., as proprietary confidential business information, the disclosure of which would impair the company's ability to contract for the sale of goods and services on favorable terms or cause harm to its ratepayers. FPL claims that nothing has changed since the Commission issued its prior confidentiality order. The information is still of current value, and it has not been made public. FPL requests confidential classification for the information located in Document Nos. 00494-13 and 05832-06.

Upon review, it appears that the above-referenced information satisfies the criteria set forth in Section 366.093(3)(e), F.S. The information contains customer contractual information, the disclosure of which would impair the company's ability to contract for the sale of goods and services on favorable terms and impair the competitive interests of its customers. Therefore, the extension of confidential classification for Document Nos. 00494-13 and 05832-06 is granted.

Pursuant to Section 366.093(4), F.S., the duration of confidential classification or the extension of confidential classification is limited to 18 months, unless there is good cause to extend the protection for a specified longer period. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless FPL or another affected person shows, and the Commission finds, that the information continues to contain proprietary confidential information.

Based on the foregoing, it is

ORDERED by Commissioner Art Graham, as Prehearing Officer, that FPL's Request for Extended Confidential Classification of information contained in Document Nos. 00494-13 and 05832-06 is granted. It is further

ORDERED that the information in Document Nos. 00494-13 and 05832-06 for which confidential classification has been granted shall remain protected from disclosure for a period of 18 months from the date of this Order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Chairman Art Graham, as Prehearing Officer, this 15th day  
of October, 2015.
