The suffix for Docket 150236 has been changed from "WS" to "WU" per your e-mail below.

Thanks!

Good Morning,

It would appear that Docket No. 150236 has the suffix "WS," when it should have "WU," as it is a water-only utility. Could this be corrected in CMS?

Hello Phillip,

I was looking over the Lake Idlewild Utility Company information and I noticed that the docket is 150236-WS. Looking through the annual report, it seems that this system is water only. Is there any particular reason that this docket is WS (water and wastewater)?

Thank you,

Donna D. Brown
