Subject: First data request for Solar PV petition

Hello Mr Bernier,

The PSC staff has prepared questions for our first data request for DEF's petition for approval of depreciation rates for the Taylor and Osceola PV projects. In the interest of time, I've decided to email the questions and a cover letter (attached); you should also receive the questions and cover letter by mail in the next few days.

Please get in touch with me if you have any questions,

Many thanks,

Nick Stratis
