Subject: FPL Utility Service for All Residents of Indian River Shores

Chairman and Commissioners of the Public Service Commission (PSC)-

As a resident of Indian River Shores residing at 250 Sandpiper Point, John's Island, my wife and I would like you to know how strongly we feel about the petition before you to re-draw the service boundaries to allow Florida Power & Light (FPL) to serve all resident of Indian River Shores.

This is a real issue that is harming the people in our community by limiting competition, thereby creating unfair pricing. Under the pretense of a territorial agreement, Vero Beach is operating an unregulated monopoly in our Town. The last time the PSC reviewed that territorial agreement was over 28 years ago. Our residents have no say in how rates are set or how Vero Beach uses the unregulated profits that it extracts from us. Our residents are forced to subsidize the operations of a City that is unaccountable to them. Having FPL, whose rates are professionally and neutrally regulated by the PSC, as the single electric utility provider in our Town would cure these issues.

We respectfully request you vote in favor of adapting the petition before you to re-draw the service boundaries of Indian River Shores to allow FPL to serve all of its residents.

Respectively,
Candy and Mike Monaco
