Subject: Indian River Shores disagreement with Vero Beach

Dear Commissioners:

As a 19 year resident of Indian River Shores I've followed with great interest the situation wherein Vero Beach has exercised confiscatory practices in setting electric rates for our town. It seems to me completely unfair for our residents including me to pay charges for electric service which subsidize the general budget of the city of Vero Beach. We have no say in electing representatives to the city yet they, in my mind, unfairly set electric rates for our residents to in effect tax us for services we do not receive or want. My guess is that should the city set rates fairly there would have been no law suite for you to consider.

I respectfully urge the Commission to support the effort to release the Town of Indian River Shores from this unfair relationship.

Sincerely,

John Walbridge, 180 Clarkson Lane, Indian River Shores, FL 32963
