Subject: Petition to Re-Draw Indian River Shores service boundaries

Dear Commissioners,

As residents of Indian River Shores, we urge you to decide favorably concerning our petition to the PSC to have our town's service boundaries re-drawn so that the entire town can be serviced by FPL instead of only those residents who reside north of Old Winter Beach Road.

Indian River Shores residents should not have to pay significantly higher and unregulated utility rates which have been forced upon us by the town of Vero Beach in order to subsidize its own operation.

As you know FPL has offered to buy the utility system for Indian River Shores and is ready to service our needs. We feel strongly that as residents of the town and Florida citizens, we are entitled to pay only rates that are professionally and neutrally regulated by the PSC as would be the case with FPL.

It is unfair and unacceptable that the city of Vero Beach continues to impose an excessive and unregulated rate burden on part of our community. We have no representation in Vero Beach town government and no recourse to rectify this egregious overreach of municipal boundaries. Please support our request and put an end to this problem for our community.

Respectfully,

Katherine and Lawrence H. Miller
230 Sandpiper Point
Indian River Shores
