As a resident of Indian River Shores, I support the Town's petition to modify the service area so Florida Power & Light can serve the entire town. The Town of Indian River Shores is subsidizing the operations of the City of Vero Beach without any vote in the matter. The Town's petition is Docket Number 160049. We have no say in how our rates are set under the current arrangement. FPL is regulated by the PSC. FPL rates are much lower than Vero Beach's rates.
