Ok. I've removed APA from the docket.

Thanks!

No, we won't need them on this docket

Should APA remain in the docket as one of the OCR divisions?

Importance: High

Hi Hong,

I believe A3a would be the best classification. If Andrew thinks otherwise, we can change that next week.
As for the assignments, we can leave them as you have them assigned, but one or more divisions may drop off. AFD would be the OPR.

Thanks, Cheryl

Cheryl, I just opened a new docket, 160096, Joint petition for approval of modifications to Risk Management Plans by Duke Energy Florida, Florida Power & Light Company, Gulf Power Company and Tampa Electric Company. Since Andrew is out, would you please take a look at the attached filing and let me know the following:

1. Should the progmod be A3a, or something else, A19, perhaps?
2. I assigned AFD as the OPR, and APA, ECO, ENG and IDM as OCR in the docket. Are the assignments correct?

Thanks!
