Re: Docket No. 160071-EI - Petition for approval of 2016 revisions to underground residential and commercial differential tariffs, by Florida Power & Light Company

Dear Mr. Butler, Mr. Goorland, and Mr. Hoffman:

By this letter, Commission staff requests the following information from Florida Power & Light Company (FPL).

- 1. Please expand on your response to staff's first data request, no. 1(c).
 - a. Please confirm that the actual work order job costs reference is for the implementation of the underground system.
 - b. How do actual work order job costs for underground help estimate overhead costs?

The following questions refer to paragraph 6 of FPL's petition.

2. How and when will the applicant be made aware of the possibility that an additional payment may be required, e.g., during preliminary meetings, signing of the contract, etc.?

- 3. Does the contract (tariff pages 9.7 9.702) need to be updated? If yes, please provide legislative and final versions.
- 4. How will the four years of revenue be calculated?
- 5. When will the applicant be told of the revenue estimate?
- 6. When will the applicant be required to pay any difference between the expected four-year revenues and estimated overhead costs in addition to the contribution for underground service?
- 7. Currently, is an applicant ever asked to pay any difference between the expected fouryear revenues and estimated overhead costs in addition to the contribution for underground service? If yes, please provide several examples.
- 8. If there is an additional payment to be made and the applicant has gone out of business, moved out of state, or refuses to pay, what will FPL do?
- 9. Rule 25-6.064,(6)(a), Florida Administrative Code (F.A.C.) provides for a customer to request a review of any CIAC charge. Please provide the basis for FPL to review the applicant's contribution and ask the applicant to pay any additional costs.
- 10. Please explain which provision of Rule 25-6.078, F.A.C., would allow FPL to request an applicant to pay any difference between the expected four-year revenues and estimated overhead costs in addition to the contribution for underground service.

Please file all responses electronically no later than Wednesday, June 1, 2016 via the Commission's website at <u>www.floridapsc.com</u> by selecting the Clerk's Office tab and Electronic Filing Web Form. Please feel free to call me at (850) 413-6540 if you have any questions.

Thank you.
