participated in nearly all aspects of telecommunications issues before state commissions, principally the Public Service Commission of West Virginia. I have appeared in hundreds of proceedings, and have represented parties at over an estimated one hundred hearings before state regulatory commissioners or administrative law judges. Telecommunications matters have included regulatory reform and rate deregulation, competition and regulation policy, mergers and acquisitions, interconnection agreement approval and interpretation, billing practices, unbundled network rates, access charges, telecommunications carrier disputes, consumer issues, tariff issues, formal complaints and other telecommunications issues. My telecommunications clients have included Bell Atlantic, Verizon and Frontier.

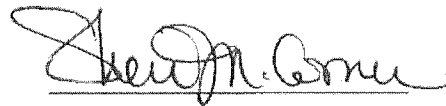

4. Since September 2010, I have been employed by Frontier with the title Associate General Counsel, actively participating in all state regulatory matters in states for which I am or have been responsible. I am now responsible for Florida as a part of the region that I serve. I have been responsible for Frontier regions that have included New York, Pennsylvania, Ohio, West Virginia, Illinois, North Carolina, South Carolina, Tennessee, Georgia, Alabama and Mississippi.
 5. I am familiar with the Florida statutes as they pertain to the jurisdiction of the Florida Public Service Commission with regard to telecommunications services. I have also familiarized myself with the Rules of the Commission with regard to practice and procedure, as well as the Florida Rules of Civil Procedure and the evidentiary rules as they pertain to administrative proceedings, including the rule regarding hearsay in an administrative proceeding.

6. I understand the requirements and standards of Rule 28-106.107, Florida Administrative Code, and will acquire knowledge of the facts and legal issues involved in any representation of Frontier before the Florida Public Service Commission.
