Subject: FPL Rate Increase

As a 32 year customer of FPL, I find no issue with the rate increase. FPL has always been dependable and very helpful with their customer service. I have friends in other Florida areas that are not FPL customers and have had issues with electric power outages and very high electric bill. As a disabled individual I depend on FPL power to be consistent,I understand that in order to maintain and update their infrastructure a small rate increase is required.
