As a senior, living on social security, trying to make ends meet, it is a travesty for FPL, who is the sole power provider to issue such an increase to our service. It is at our expense that you seek the increase for your profits. It brings nothing to the users table, but only to the shareholder's pockets. We urge you to find an alternate plan and drop the increase. It is not fair to the consumer, and more so, seniors just trying to survive on the small monthly allowance given through social security.

Thank you,
Homero, FPL customer
