Subject: Docket # 160021-E1 FPL Rate Increase Request Should Be Denied

To Whom It May Concern:

Docket #160021-E1

My name is Amelia Gysan. I live at 83250 Purple Martin Drive in Yulee, FL 32097. As a customer of FPL I am writing to raise my voice against the requested 1 billion + dollar increase requested by FPL. It is my understanding that the majority of this money will be given to investors and will not be used to improve service to customers. A 20% increase in my bill will be a hardship to me and my family. Taking money from my family to put into investors pockets with no benefit to my family smacks of "taxation without representation!" I have no way of knowing what political contributions FPL makes. I have no say in how much their executives are paid. I have no other no other power company from which to buy electricity. FPL holds us hostage. The PSC is our only hope to stop this money grab. Please give deep consideration to refusing this request and follow the will of the people. Thank you.

Sincerely,

Amelia L. Gysan
