As a senior on a fixed income I do not see the need to increase our fees by 23% so that investors in FPL can double their profits of over \$ 1 billion. I already eat peanut butter and ramen noodles too often. They fight renewable solar energy and those that are willing to provide it at a competitive fee. Please vote against this increase. Thank you for your time and consideration. Jean Simoes. 32796, [321-362-2359](tel:321-362-2359).
