Subject: RE: Incorrectly Filed Document - Docket 160107

Hi Destiny,

Thank you for bringing this to our attention. Since DN 05042-16 (E-filing ID 48258, incorrectly filed in Docket 160170) was actually a duplicate of DN 05039-16 (E-filing ID 48257, correctly filed in Docket 160128), we have rejected E-filing ID 48258 as a duplicate and put the subsequently filed correct filing in its place (still retaining the document number 05042-16). It may take about 10 minutes or so to appear on the website.

For future reference though, please note that if the letter had not been a duplicate of an earlier filed document, I wouldn't have been able to remove that information. We would have needed a letter correcting the earlier filing, and explaining that it replaced the earlier incorrect filing.

Let me know if you have any questions. Thank you!

Subject: Incorrectly Filed Document - Docket 160107

Hi Dorothy.

I left you a voicemail a little while ago about this. I inadvertently filed the wrong document in Docket 160107. The incorrect document is "Letter dated 7/15/16, with response to staff's fourth data request (No. 1) (Document 05042-16). Can you please remove this from docket 160107 as soon as possible to avoid any confusion?

I have since filed the correct data request response and served same this afternoon with an explanation of the error.

Please call me at (727) 820-5785 if you need to discuss.
