Subject: Florida Power & Light Increase Docket 160021-E1

Dear Ms. Stauffer,

We are aware that Florida Power & Light has requested a major increase in rates. Please be aware of our disagreement with ANY price increase for FP&L at this time.

With oil prices having dropped significantly over the past couple of years, and Florida real estate sales booming - thus most units are using service and are occupied - there is no necessity to raise rates at this time, especially when all they will do is go in the pockets of investors of that company.

Thank you for your attention to this matter.
