I, James Macaluso, oppose the FPL rate hike 160021-E1 request! There have been more rate hikes than standard of living rate hikes. Seems they are always requesting rate hikes, why should we pay for corporate profits and bonuses, when there hasn't been any significant improvement in services and oil prices are down. What about the money they already took to make the new power plant? Where is that? We paid millions for a blueprint? Common now. Enough is enough. Corporate greed needs to stop.
