Subject: FPL rate increase request

To whom it may concern-

This increase that is requested is completely and utterly non essential.

Your profits are within range of what is acceptable and the increase that FPL is seeking, in this economy, will put an extraordinary burden on the population you service. Remember that phrase. You are servicing an economy of citizens that predominant live on retirement income.

How dare FPL request an increase when the government approved an astronomical increase a couple of years ago. FPL is as piggy as the Florida insurance industries.

At some point, FPL will have to realize what sector and population you service and adjust their level of greed.

Saz Zook
