To the Public Service Commission Clerk

DOCKET # 160021-E1

From:
Molly & John Evans,
9541 vercelli Street,
Lake Worth, Florida 33467

I implore you to not give FPL a rate hike. There is no reason to further give FPL's stock holders and executives more money at the expense of the taxpayers, many who include senior citizens and young persons trying to make ends meet as well as the middle class who is constantly hit with decreasing income.

Why do we have to PAY TO INCREASE their PROFITS

Note that two facts about FPL's request:

1. \$960 million of FPL's rate increase will go into FPL investors' pockets. None of those funds will go to service enhancements, disaster preparedness, or energy innovation.

2. According to their own filing with the PSC, FPL is on target to make \$1.6B in profit in 2017 without the requested rate increase.

Sincerely,

Molly & John Evans
