**Subject:** FPL increase on rate hikes

To Whom it may concern:

I like many others are senior citizens have limited income due to no increase in SS income, plus; when they do give us a increase they raise the rates of what they take out for Medicare. No win situation!! FPL should be ashamed of themselves to try and make a profit off of all the people struggling in this economy now a days. And I don't see any help or money that FPL donates to any organizations. Yes, I appalled them the service guys who risk their lives to give us the power when the weather gives us problems. They get

paid overtime, but we still have to pay the same rate on electric bill. I can not afford an increase; please reconsider the proposal for rate hikes.

The young people are trying to make it in life also. Please don't force us to have to live together to make ends meet. Stop being so greedy in life. Money will not buy your way to Heaven. Being humble and give to other does look good on your resume'..

Sincerely,
