Subject: FPL Legislation

Dear Representative. . . .

FPL's petition for rate increase is unacceptable for several reasons.

The 30+ years deterioration of FPL infrastructure here in Jupiter Farms makes any increase particularly grotesque. FPL runs with the profits, puts little back in infrastructure.

Electric service at our home (of 40 years) is at its very worst. Wind gusts in excess of 30-40mph take out our electric several times a year. Since many FPL utility poles are held erect by little more than the lines they carry, we will be days without electric should a tropical storm pass nearby---and weeks in the case of a larger system.

FPL is a "run with the profits" corporation. Its track record is unambiguous on this point.
