Subject: Rate hike by FPL

To whom it may concern,

I am very concerned regarding the latest RATE HIKE request by FPL.

FPL has already announced its huge future profitability in 2017 even before being granted the RATE HIKE. How much profit to they and the shareholders have to make?

We, as a small business, are struggling to stay afloat in these difficult economic times. Clearly a RATE HIKE is not warranted or needed by FPL.

Sincerely,

Subject: Docket number 160021.E1 FPL Rate Increase

Dear Public Service Commission,

It is very disturbing to find out that FPL has requested a substantial RATE INCREASE.

This is disturbing because they have announced that they will be having a profitable year in 2017 to the tune of over a billion dollars.

How can they have the nerve to request a rate increase at this time? How much money do the shareholders need at the public's expense? Especially the overpaid executives.

Absolutely NO RATE INCREASE for FPL.

We, as a small business, are struggling to survive in these economic times. Too bad we do not have a monopoly on the product for the customers so we could gouge them as well.

NO to RATE INCREASE for FPL. Zero \$.

Sincerely,

John Lumley
