I received an e-mail informing me that FPL is wanting to raise it's rates. I can only shake my head at the greed of some corporations. I live on 741.00 a month and am 64 years of age. I notice on my electric bill that FPL charges me a customer charge of \$7.87 just for being a customer! I'm sorry but I find this to be ridiculous. Could never understand where FPL gets off charging us to be customers. My neighbor doesn't even use his air cause he is also living on a fixed income and can't afford his electric to rise any higher.

I can only ask that FPL does not raise it's fees just to line the pockets of people who really don't need it.
