In re: Nuclear cost recovery clause.

DOCKET NO. 160009-EI
ORDER NO. PSC-16-0337-CFO-EI
ISSUED: August 15, 2016

ORDER GRANTING DUKE ENERGY FLORIDA, LLC'S FIRST REQUEST FOR
EXTENSION OF CONFIDENTIAL CLASSIFICATION OF INFORMATION WITHIN
AUDIT REPORT NO. 12-010-2-2 (DOCUMENT NO. 03660-12 [x. ref DN 03143-12])

On April 18, 2016, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Duke Energy Florida, LLC (DEF) filed its First Request for Extension of Confidential Classification (Request) of portions of the Florida Public Service Commission (Commission) staff's audit workpapers (workpapers) in Audit Control No. 12-010-2-2 (Document No. 03660-12) for the Crystal River Unit 3 Uprate ("CR3 Uprate") project. This Request was filed in Docket No. 160009-EI.

Request for Confidential Classification

DEF's original request for confidential treatment of information within Audit Report No. 12-010-2-2 was granted by Order No. PSC-14-0630-CFO-EI, issued October, 31, 2014, and included Exhibits A, B, and C. DEF contends that designated portions of the audit report constitute proprietary confidential business information entitled to continued protection under Section 366.093(3), F.S., and Rule 25-22.006, F.A.C. Accordingly, DEF has submitted the Request and included Revised Exhibit D, affidavit of Mark Teague in support of DEF's First Request for Extension of Confidential Classification. DEF avows that this information is intended to be and continues to be treated by DEF as private and has not been publicly disclosed.

DEF asserts that the information that was the subject of Order No. PSC-14-0630-CFO-EI warrants continued treatment as proprietary and confidential business information. DEF's Request incorporates by reference and adopts the arguments propounded in its original request. DEF contends that the workpapers contain legal services invoices and explanations for legal services performed for the CR3 Uprate project, the disclosure of which would impair DEF's competitive business interests. DEF contends that the public disclosure of this information would allow other parties to discover how it utilizes legal services and the costs it pays for such services, and would impair DEF's ability to contract for such goods and services on competitive and favorable terms. Additionally, DEF asserts that portions of the workpapers reflect DEF's internal strategies for evaluating projects, the disclosure of which would place DEF's competitors at a relative competitive advantage, thereby harming the Company and its customers.

Ruling

Section 366.093(1), F.S., provides that records that the Florida Public Service Commission (Commission) has found to contain proprietary confidential business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by DEF as private, and that disclosure of the information would cause harm to DEF's ratepayers or business operations, and that has not been voluntarily disclosed to the public. Section 366.093(3), F.S., provides, in pertinent part, that proprietary confidential business information includes, but is not limited to:

(d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.

(e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3), F.S., for continued classification as proprietary confidential business information. The information described above appears to be information concerning bids or other contractual data, the disclosure of which would impair the efforts of DEF or its affiliates to contract for goods or services on favorable terms, and information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information. Thus, the information identified in Document No. 03660-12 shall be granted a continuation of confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless DEF or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is hereby

ORDERED by Commissioner Art Graham, as Prehearing Officer, that Duke Energy Florida, LLC's First Request for Extension of Confidential Classification of Document No. 03660-12 is granted. It is further

ORDERED that the information contained in Document No. 03660-12 for which confidential classification has been granted, shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. It is further

ORDERED that this Order will be the only notification by the Commission to the parties concerning the expiration of the confidentiality time period.

By ORDER of Commissioner Art Graham, as Prehearing Officer, this 15th day of August, 2016.
