Subject: FPL Rate Increase - Docket Number 160021-EI

Dear Mr. Garrido:

Thank you for contacting the Florida Public Service Commission (PSC) about Florida Power & Light Company's (FPL) rate petition. To give Commissioners and staff an opportunity to review your comments, your correspondence is included in the file for Docket No.160021-EI.

As you know, the PSC customer service hearings were held in June in FPL's service territory for Commissioners to hear directly from customers about the utility's rate request and service. All customer comments during the hearings and all correspondence will be reviewed and considered when PSC staff prepares its recommendation to the Commissioners on FPL's proposed rates.

The PSC's evidentiary hearing on FPL's rate case will be in August in Tallahassee. Witnesses from the utility, intervenors, Commission staff, and the Public Counsel, who represents customers, will present testimony and exhibits and be cross-examined by the Commissioners and other parties. Commissioners will examine FPL's need for a rate increase, its existing and proposed rate structure, and its ability to provide safe and reliable service.

Commissioners are charged with making sure that Florida's utility companies fulfill their service obligation. The PSC will ensure that final customer rates reflect only those costs that are prudent and necessary for FPL to deliver quality electric service to your home or business. Any proposed rate adjustment is requested to begin in January 2017.

If you have additional questions or need further assistance, please call 1-800-342-3552. If you want updated case information, visit the PSC's website, www.floridapsc.com and click on the Clerk's Office tab, then hit Dockets and type in case number 160021.

Sincerely,

Bev DeMello

Subject: FPL base rate increase docket number 160021-E1

I am writing you in opposition to the proposed base rate increase, docket number 160021-E1, by FPL. I am 59 years old and am diasabled. I live in a small one bedroom apartment and this month my light bill was \$136.00. My situation is such that I an sometimes not able to purchase my insulins, I use 2 types, and other prescription medications. I eat one meal daily because I can't afford more. I am on a strict budget. I cannot afford to grant FPL a base rate increase, and I know and you know that I am not alone. Floridians cannot afford to pay more for our electric bill. FPL makes a huge profit already and if they want to use their own money to pay for their wish list then they can, but they should not be allowed to use our money. We already pay enough and cannot pay any more. You have so many people that cannot afford this increase! I oppose this increase. This is simply wrong.

Sincerely,
Dulce Garrido
