Subject: Docket 160021-E1

To whom it may concern;

My name is Judith A. Freitas. I live at 3439 Armour Terrace, North Port, Florida. I am very concerned about the docket which proposes an increase in rates for FPL.

I am a senior citizen as is my husband and living on Social Security. Our income is basically fixed, and there is not room for increases we would be forced to face.

It is certainly bad enough that the food we eat has increased in price, and prices are even worse should we try to eat fresh fruit and vegetables.

I never understood when I was young, and seniors talked about fixed incomes. I should have tried to be more understanding, and my only hope is voting is done with consideration of all people living on a fixed income and those who are barely able to take care of their families due to their pathetically low incomes.

Thank you for your time and hopefully your understanding.

Judith A. Freitas
