**Subject:** Indian River Shores request to the PSC

Dear PSC Commissioners:

On Tuesday, September 13, you will be reviewing a request from the Town of Indian River Shores to have the service boundaries expanded, so all town residents can utilize FPL for electricity instead of the City of Vero Beach.

This is a serious matter to the residents of the town who have, for way too long, been charged substantially higher rates than FPL customers pay, received unsatisfactory customer service, and have been subjected to a less reliable utility system.

When residents of a town are in favor of contributing \$3,000,000 for something as mundane as changing electric utility providers, you something is wrong with the current arrangement.

After reviewing the facts, I hope you will move to do the right thing and allow the Town of Indian River Shores to change service providers after the franchise agreement ends in November.

Thank you.

Sincerely,

John & Liz Newsome
