CONTRACT INTERRUPTIBLE - LARGE VOLUME TRANSPORTATION SERVICE
Rate Schedule CI-LVT

Availability

Throughout the service area of the Company.

Applicability

Transportation service under this schedule is available to any customer who would otherwise qualify for service under rate schedule CI-LV. The minimum daily contract quantity shall be negotiated on an individual contract basis, with a minimum of at least 5,000 therms per business day, or 1,250,000 therms per year. (See Minimum Bill below). Company shall transport gas made available by customer from designated point of receipt to designated point of delivery. Service under this schedule is subject to interruption or curtailment at any time at the sole discretion of the Company.

Service will be provided by the Company based on available pipeline capacity and the customer delivering suitable gas into the Company's distribution system.

To qualify for this rate, customer must have standby fuel facilities. In all cases where continuous operation of the customer's facilities is necessary, customer shall continuously provide and maintain in operating condition during the contract period stand-by facilities.

Gas Supply Obligation

The Company shall have no obligation to provide natural gas supplies to Customers that contract for Contract Interruptible - Large Volume Transportation Service without also contracting for Standby Service. In the event that a Contract Interruptible - Large Volume Transportation Service Customer that does not contract for Standby Service seeks to purchase natural gas supplies from the Company, such sales may be made by the Company in its sole discretion.

Monthly Rate

| | |
|------------------------|----------------------------------------------------------------------------------------------|
| Customer Charge: | \$400.00 |
| Transportation Charge: | \$0.08252 per therm less "Alternate Fuel Discount" if applicable (see following explanation) |

Company's cost of gas factor set forth in Sheet No. 25 shall not apply to transportation service rendered under this Schedule.

CONTRACT INTERRUPTIBLE - LARGE VOLUME TRANSPORTATION SERVICE
(Continued)

Alternate Fuel Discount

The monthly transportation charge of \$0.08252 per therm may be reduced by an "Alternate Fuel Discount" if a Customer using service under this rate schedule can purchase alternative fuel at a lower equivalent cost. The discount can be as much as the entire transportation charge, meaning that the transportation charge can be reduced to, but not less than, zero.

The equivalent cost of the alternate fuel means the Customer's cost including transportation and taxes, converted to the nearest \$0.00001 per therm. The Alternate Fuel Discount per therm will be the amount by which the total natural gas rate and taxes payable under this tariff exceeds the equivalent cost of alternate fuel, limited to the transportation charge of \$0.08252 per therm.

Determination of the Alternate Fuel Discount shall be based on information set forth in Company's Form No. AFD-1A, as shown on Tariff Sheet No. 87. Once a Customer has submitted such form and the same has been accepted by the Company, the Customer must resubmit such form, with then current information, on the first day of each quarter thereafter; and at any time there is any change in any information contained in a form previously submitted.

There will be no Alternate Fuel Discount to any Customer who fails to submit Form No. AFD-1A each quarter to Company, or who fails to submit such form properly completed as required hereunder, or whose completed form is not accepted by Company.

There will be no Alternate Fuel Discount on sales pursuant to the Load Profile Enhancement Discount, Rider ED.

Minimum Bill

The minimum monthly bill shall be the customer charge.

The minimum annual bill shall be the amount produced by applying the applicable rates and adjustments hereunder to 1,250,000 therms.

Terms of Payment

Bills are net and due upon receipt by the customer and become delinquent if unpaid after expiration of twenty days from mailing.

Load Profile Enhancement Discount

Incremental gas sales service pursuant to this rate schedule will be eligible for the Load Profile Enhancement Discount as provided in Rider ED, on Sheet Nos. 29 and 30.

LARGE VOLUME TRANSPORTATION SERVICE (Continued)

Interruption and Curtailment

Company shall have the right to reduce or completely curtail deliveries to Customer pursuant to this rate schedule:

- (A) if in Company's opinion, Customer will overrun the volume of gas to which it is entitled from its supplier (or overrun the volume of gas being delivered to Company for Customer's account); or
- (B) in the event Company is notified by its supplier or pipeline transporter to interrupt or curtail deliveries to Customer, or deliveries of gas for uses of the same type or category as Customer's use of gas hereunder; or
- (C) when necessary to maintain the operational reliability of Company's system.
- (D) During periods of supply shortages.
 - 1) In the event of a natural gas supply shortage the transportation customer shall agree to make its natural gas supply available to the Company for Company's use during the period of natural gas supply shortage. Following the period of such natural gas supply shortage the Company shall replace Customer's gas in kind with a like amount of gas which shall be redelivered to the customer as follows:
 - a) as the first gas through the customer's meter(s) immediately following the period of natural gas supply shortage until all volumes have been redelivered, or,
 - b) at Customer's election as a portion of the total volumes delivered to the Customer over a redelivery period beginning in the next billing month immediately following the natural gas supply shortage period, and continuing in each successive billing month until all volumes have been redelivered by the Company to the Customer. Such redelivery period shall not exceed three months unless requested by the Customer and agreed to by the Company.

Company will endeavor to give as much notice as possible to Customer in the event of interruption or curtailment. Any gas taken in excess of the volume allocated to the customer in an interruption or curtailment order shall be considered to be unauthorized overrun gas. Company may bill and Customer shall pay for such unauthorized overrun gas at the greater of \$1.50 per therm or the rate per therm imposed on Company by its Supplier and/or pipeline transporter.

Special Conditions

1. See Section 11 of Rules and Regulations for Transportation -- Special Conditions.
2. The rates set forth in this schedule shall be subject to the operation of the Company's Tax and Other Adjustments set forth on Sheet No. 26.
3. Service under this schedule (unless otherwise indicated herein) shall be subject to the Rules and Regulations set forth in this tariff.
4. If the Company agrees to provide the necessary natural gas conversion equipment, an agreement as to terms and conditions governing recovery of such conversion costs from the customer may be entered into and the initial contract term of gas service shall at a minimum be the same as the period of recovery stated in the agreement. Further, the rates established in the monthly rate section, may be adjusted to provide for recovery by the Company of the costs incurred including carrying cost at the Company's overall cost of capital, in providing such natural gas conversion equipment. At such time as the Company has recovered its costs of providing the natural gas conversion equipment, sales under this rate schedule shall be billed at rates stated herein.
