Dear Ms. Shaffer:

Thank you for contacting the Florida Public Service Commission.

In order to process your protest we need to know if you are a current customer of record with Florida Power & Light.

It would be beneficial if you could provide the following information:

Comments:

Please deny FPL's rate hike request to build gas-burning power plants that are unnecessary. I am particularly concerned that the expenditures on gas plants in FPL's rate increase proposal will raise the price of electricity. Please encourage FPL to invest in affordable solar energy instead.
