**Subject:** RE: Gulf Power Price Increase ...

**Dec. 11, 2017**

**Per Docket # 160186**

**To Whom It May Concern:**

**I spent the last two years prior to my retirement installing energy saving devices throughout my house (at the urging, I should say, of the power company!) in order to save while surviving on Social Security. Yesterday, I received a notice that, in the face of diminishing fuel prices, the power company has decided to raise their prices in such a manner as to completely negate all my expenditures toward savings. I must protest. In addition, I fully anticipate price rises on the part of local business establishments which will permit an additional cost to local citizens.**

Sincerely,

**Larry D. Rafey
