Subject: Orangeland Misc. Service Charges

Hey Mike,

Below is an example of the format used by utility's to justify the costs incurred by the utility of miscellaneous service charges. The requested miscellaneous service charges for Orangeland were calculated with an hourly salary for labor of \$17.25 as provided in the cost justification submitted for this transfer docket file. It is unclear as to whether the \$17.25 includes both administrative and field labor or just one of the labor components.

In order for the utility to accurately recover labor costs associated with miscellaneous service charges, please respond to this e-mail providing me the hourly salary of the field employee and administrative employee who processes and administers miscellaneous service charges.

Initial Connection Charge Calculation

Activity	Normal Hours Cost	Activity	After Hours Cost
Labor (Administrative) (\$36/hr x 1/4hr)	\$9.00	Labor (Administrative) (\$36/hr x 1/4hr)	\$9.00
Labor (Field) (\$36/hr x 1/3 hr)	\$12.00	Labor (Field) (\$54/hr x 1/3hr)	\$18.00
Transportation (\$.54/mile x 10 miles-to/from)	<u>\$5.40</u>	Transportation (\$.54/mile x 10 miles-to/from)	<u>\$5.40</u>
Total	\$26.40	Total	\$32.40

Source: Docket No. 150010-WS – Application for staff-assisted rate case in Brevard County by Aquarina Utilities, Inc.

Please do not recreate the chart, I will do that for you. I just need the hourly salaries for the respective field and administrative employees.

Thanks,

Marissa Friedrich
