Subject: RE: CCR Declassification Files..

Hi Angela,

Please take the following actions for the confidential documents listed below:

Docket No. 110322-EI - Florida Power & Light Company

DN 08740-11 - In Order No. PSC-16-0549-CFO-EI, issued December 8, 2016, the Commission granted FP&L's revised third request for extended confidential classification of certain information included in DN 08740-11 pertaining to FP&L's work papers and audit staff's report. Because the five-year audit work paper records retention requirement has been satisfied, as of December 31, 2016, for the *Coal Combustion Residual Storage and Disposal Processes* audit report., I request that DN 08740-11 be returned to FP&L.

DN 00055-12 - I request that the CD (DN 00055-12) be destroyed as it contains staff's unredacted audit report which includes confidential portions of FP&L's information.

Docket No. 110321-EI - Gulf Power Company

DN 02165-15 - Order No. PSC-15-0170-CFO-EI, issued May 4, 2015, was due to expire on November 4, 2016, so GPC filed a request for extended confidential treatment (DN 08508-16) on October 27, 2016 to further protect the information in its work papers in DN 02165-15. Because the five-year audit work paper records retention requirement has been satisfied, as of December 31, 2016, for the *Coal Combustion Residual Storage and Disposal Processes* audit report, I request that DN 02165-15 be returned to GPC.

If you have any questions, feel free to contact me.

Thanks,
Vic
