Subject: DOCKET #: 160186-EI

I am writing in response to Docket # 160186-EI.

I strongly request the council to vote against this item for the Gulf Power rate increase. If approved, the increase would start in July, the hottest time of the year for GP customers whom already have to pay staggering prices for their summer power bills. Many people in our community struggle everyday just to have money for groceries and care barely afford their bills now. A 10 % increase may not seem like a lot to you but to thousands of people in our community who are on a fixed income, an extra \$20 per month can determine whether or not they eat that month.

Please vote NO.
