Subject: Gulf Power increase

Commissioner Patronis,

While I am sure that I am probably not stating anything that has not already been said, I feel that it is my responsibility to contact you on behalf of my constituents to voice my opposition to the proposed increase that Gulf Power has requested. I can understand their request, but please consider the fact that a large percentage of Callaway's population are retirees living on either Social Security or Military retirement benefits, neither of which increased this year. Therefore, any increase in utility bills would place a burden on these families.

I know from working with you in the past that you are a compassionate, civic-minded individual, so please keep our citizens in mind when you vote on this important issue.

Thank you!  
Pamn Henderson  
Commissioner, City of Callaway
