**Cc:** Consumer Correspondence  
**Subject:** Docket No. 160101-WS - Utilities Inc. of Florida

Dear Mr. Cogar:

Thank you for contacting the Florida Public Service Commission (PSC) regarding Utilities Inc. of Florida's (UIF) rate petition. We appreciate your correspondence, and it has been included in both open UIF Docket files (150269 and 160101) for consideration.

PSC customer service hearings were held in January and February 2017, throughout UIF's service territory for Commissioners to hear directly from customers about UIF's rate request and service. UIF will provide its customers with a hearing notice, including hearing dates, times, and locations. In addition to all correspondence provided to the PSC, customer comments made during those hearings will be reviewed and considered when PSC staff prepares its recommendation to the Commissioners on UIF's proposed rates.

The PSC's evidentiary hearing on UIF's rate case will be held in Tallahassee, tentatively slated for May 2017. Witnesses from UIF, PSC staff, and the Office of Public Counsel, who represents customers, will present testimony and exhibits and be cross-examined by the Commissioners and other parties. The Commission will carefully consider all evidence before making a decision.

If you have additional questions or need further assistance, please call 1-800-342-3552. If you would like updated case information, please visit the PSC's website, [www.floridapsc.com](http://www.floridapsc.com) and click on the Clerk's Office tab, then hit Dockets and type in case number 160101.

Sincerely,

Bev DeMello  
Assistant Director

Comments:

Why is UIF constantly flushing the water system in Summertree, New Port Richey, FL. UIF should not have to use their tech at all for Flushing the system. We now have county water, and I am very happy with the condition of the water. I believe that U.I.F. should sell out to the county. We in Summertree would have great reduction in the cost. I was on county water before moving to Summertree and never, never had prices such as what we have now.
