Florida Public Service Commission,

The Gulf Power monthly bill increases that are expected to go into effect this coming summer are horrendous. There is no substantial reasoning or explanation for the increase other than corporate greed. The proposed \$10 plus dollar increase monthly, which is over \$100 a year is taking money from our dinner plates. Do not let this happen. We are already paying incredibly high prices compared to other companies. Do not rob working people of their paychecks to enrich corporations.
