In re: Nuclear Cost                    )  
Recovery Clause                    )

Docket No. 170009-EI  
Filed: March 1, 2017

**FLORIDA POWER & LIGHT COMPANY’S REQUEST  
FOR CONFIDENTIAL CLASSIFICATION OF EXHIBITS SDS-1 AND SDS-2**

Pursuant to Section 366.093, Florida Statutes, and Rule 25-22.006, Florida Administrative Code, Florida Power & Light Company (“FPL”) requests confidential classification of portions of Exhibits SDS-1 and SDS-2 to the pre-filed testimony of FPL witness Steven D. Scroggs. In support of its request, FPL states:

1. FPL is filing contemporaneously with this request the petition, testimony and exhibits in support of its Nuclear Power Plant Cost Recovery True-Up for the Years 2015 and 2016. Certain pages of Exhibits SDS-1 and SDS-2 contain confidential contract payment amounts. Pursuant to Rule 25-22.006(3)(a), Florida Administrative Code, FPL is filing this Request for Confidential Classification.

2. The following exhibits are included with and made a part of this request:

a. Exhibit A consists of a copy of the confidential pages on which all information that FPL asserts is entitled to confidential treatment has been highlighted.

b. Exhibit B consists of a copy of the confidential pages on which all information that FPL asserts is entitled to confidential treatment has been redacted.

c. Exhibit C is a table containing an identification of the information highlighted in Exhibit A, together with references to the specific statutory basis or bases for the claim of confidentiality and to the affidavit in support of the requested classification.

d. Exhibit D includes the affidavit of Steven Scroggs in support of this request.

3. FPL submits that the highlighted information in Exhibit A is proprietary confidential business information within the meaning of Section 366.093(3), Florida Statutes. Section 366.093(3), Florida Statutes, defines confidential information as information that is intended to be and is treated by the company as private in that disclosure of the information would cause harm to the company's business operations or its customers, and has not been disclosed publicly. The confidential information is intended to be and has been treated by FPL as private, its confidentiality has been maintained, and its disclosure would cause harm to FPL and its customers. Pursuant to Section 366.093(3)(2), such information is entitled to confidential treatment and it is exempt from the disclosure provisions of the public records law. Thus, once the Commission determines that the information in question is proprietary confidential business information, the Commission is not required to engage in any further analysis or review such as weighing the harm of disclosure against the public interest in access to the information

4. As the affidavit included in Exhibit D indicates, the information provided by FPL contains contractual pricing terms, the public disclosure of which would violate nondisclosure provisions of FPL's contracts with certain vendors and impair FPL's ability to contract for goods or services on favorable terms in the future. Such information is protected by Section 366.093(3)(d), Florida Statutes. This information is also competitively sensitive, and its disclosure could impair the competitive business of FPL or its vendors. Such information is protected by Section 366.093(3)(e), Florida Statutes.

5. Upon a finding by the Commission that the information highlighted in Exhibit A, and referenced in Exhibit C, is proprietary confidential business information, the information

should not be declassified for a period of at least eighteen (18) months and should be returned to FPL as soon as the information is no longer necessary for the Commission to conduct its business. *See* § 366.093(4), Fla. Stat.

**WHEREFORE**, FPL respectfully requests confidential classification of the material described herein.

Respectfully submitted,

Jessica A. Cano

DOCKET NO. 170009-EI

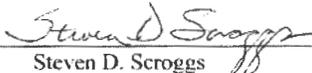

DECLARATION OF STEVEN D. SCROGGS

1. My name is Steven D. Scroggs. I am currently employed by Florida Power & Light Company ("FPL") as Senior Director, Project Development. I have personal knowledge of the matters stated in this declaration.

2. I have reviewed Exhibit C and the documents that are included in FPL's Request for Confidential Classification concerning information provided with its Petition for Approval of Nuclear Power Plant Cost Recovery True Up for the Years 2015 and 2016, for which I am identified on Exhibit C as the affiant. The documents and materials that I have reviewed contain proprietary confidential business information, including contractual pricing terms with vendors. Disclosure of this information would violate FPL's contracts with its vendors, impair the efforts of FPL to contract for these services on favorable terms for the benefit of its customers in the future, and impair the competitive interests of the vendor. To the best of my knowledge, FPL has maintained the confidentiality of this information.

3. Consistent with the provisions of the Florida Administrative Code, such materials should remain confidential for a period of not less than 18 months. In addition, they should be returned to FPL as soon as the information is no longer necessary for the Commission to conduct its business so that FPL can continue to maintain the confidentiality of these documents.

4. Under penalties of perjury, I declare that I have read the foregoing declaration and that the facts stated in it are true to the best of my knowledge and belief.
