**Re: Revisions to Program Standards – Low Income Weatherization Assistance Program**

Dear Mr. Bernier:

On August 20, 2015, the Commission issued Order No. PSC-15-0332-PAA-EG in Docket No. 150083-EG, approving the Demand Side Management (DSM) Plan for Duke Energy Florida (DEF) and granting staff administrative authority to approve program standards. DEF filed program participation standards on October 16, 2015, which were administratively approved on October 29, 2015. DEF requested certain revisions to the approved program standards on December 21, 2015, and August 30, 2016, which were administratively approved on December 22, 2015, and September 12, 2016, respectively.

On February 7, 2017, DEF filed a letter requesting approval of modifications to the program standards of its Low Income Weatherization Assistance Program. Following the filing of this letter, staff requested additional information from DEF. On March 16, 2017, responses to staff's information request were provided, and on March 29, 2017, DEF provided a revised version of its previously submitted program participation standards documents. The Commission staff has reviewed the revisions and has determined them to be consistent with the DSM Plan approved by the Commission in Order No. PSC-15-0332-PAA-EG. Staff requests that DEF notify the Commission prior to any additional changes being made to the program standards as filed.

Sincerely,

  
Tom Ballinger, Director  
Division of Engineering
