Matthew Bernier
106 East College Avenue
Suite 800
Tallahassee, FL 32301

Re: Docket No. 170001-EI - Fuel and purchased power cost recovery clause with generating performance incentive factor.

Dear Mr. Bernier:

By this letter Commission staff requests that Duke Energy Florida, LLC (DEF) provide responses to the following data request:

1. Please identify the carrying costs applicable if the Company's midcourse correction petition is approved as requested.
2. For the purposes of these questions, please assume that the Company collects the entire under-recovered amount in 2017, i.e., over the 6 months between July and December 2017.
 - A. What would the Company include in its Projection filing for 2018?
 - B. What amount of carrying costs would be applicable?
3. Please provide a full set of E-Schedules and tariff sheets reflecting recovery of the entire under-recovered amount in 2017, i.e., over the 6 months between July and December 2017.

Please file all responses electronically no later than Monday, May 1, 2017, on the Commission's website at www.floridapsc.com, by selecting the Clerk's Office tab and Electronic Filing Web Form. Please feel free to call me at (850) 413-6218 if you have any questions.

Very truly yours,
