Re: Docket No 130265-WU

In response to your letter dated May 2, 2017, requesting additional information on our application for staff-assisted rate case on Charlotte County by Little Gasparilla Water Utility, Inc.

1. Number of Customers, as of 5/24/2017, 467 customers
2. New Customers after Interconnection – Attached
- 3a. Payment to Charlotte County - Attached
- 3b. With our loan at Stonegate/SBA, If more capital is injected to LGWU they will be unable to be payback until SBA is payed off. Needing the utility to create the cash flow.
4. Discussed with Gary Hubbard, CCU.
5. After the SARC, (October 2014 and before LGWU completed the interconnect with CCU (approximately 4 months) the PSC set an impact fee for LGU of \$4,923 of which \$2,407, with no obligation to CCU until interconnect completion, attorneys recommendation and the PSC gave permission. LGW sent out a second letter to potential customers inside LGWU's service area and offered them to connect at the interim rate of \$2,516.00. LGWU had appromately 33.
LGWU's first letter to potential customers was mailed out while going through the SARC, (not knowing if impact fees would increase or decrease), offered to refund at the lowest rate set by the PSC. Therefore LGWU refunded, by way of credits eight (8) times \$1,984 or \$15,872.
6. New building is complete with the exception of a few items in paperwork from the builder.

7. Yes and a restroom was a major item. The owner operator has always lived on the island except for four years, when LGWU hired an operator living on the island. Then once LGWU started the capital improvements the owners felt it would be better to move back to the island and did a lease purchase of an existing home that abuts the Utility's property. With a drain field costing around \$30,000, LGWU chose to delay this expense because there will be other options within the next five to ten years. We are installing an incinerator toilet for the meantime.

If additional information is needed or explained, please feel to e-mail me your request.

Sincerely,

/s/ Jack Boyer

Jack Boyer, President
Little Gasparilla Water Utility
