Subject: Utilities Inc. Proposed Rate Increase

I am a resident of Seminole County Fla. who would be very adversely affected by my water company, Utilities Inc.'s ridiculously high rate increase. It is inconceivable that customers of this monopoly who have no other provider options may need to start paying DOUBLE the previous rate for water which is not a luxury but a necessity. Not only would my rate and bills as their water customer rise so drastically, but also as a resident of a townhouse complex my Homeowner's Association Fees would also go up as the water use from watering of the community lawns are included within HOA fees levied. So it would be a double whammy to me and many other neighbors who are also senior citizens on a fixed income.

Please deny this rate increase by Utilities Inc (Sanlando Utilities) at the time of their upcoming hearing before the Public Services Committee on August 3, 2017.

Thank you,

Good afternoon,

Please see the e-mail below. Please let us know whether this needs to be entered in CMS as consumer correspondence, and what docket it should be placed in.

This is a duplicate of a previous email. It was meant to go to Ruth McHargue instead of Ruth Nettles. I apologize for any inconvenience.

Thank you.
