**Subject:** Utilities, Inc. Rate Increase

Dear Commissioners,

It is my understanding that you are close to approving a ridiculous price rate increase for Utilities, Inc. I doubt seriously that you believe any of the Seminole county residents received this type increase to their personal wages, therefore I request that you deny the outrageous request by Utilities, Inc. I recently moved from my home in Orange county into my current home in Seminole county. My water bill in Orange county averaged \$25 per month. I recognized quickly that the water bill from Utilities, Inc., was double the Orange county bill (average is over \$50 currently). It is unconscionable to think that the bill would possibly be over \$100 per month. If the rate is approved then you can expect major coverage by the media.....and you can expect lots of brown grass in once beautiful Seminole county!

Sincerely,

Ron Pruitt
