Subject: Utilities Inc. Rate Increase

To Whom It May Concern,

I am very opposed to the purposed rate increase for Seminole county utilities. The increase is a suggested 130% which is outrageous! People in Seminole county can't afford this type of increase to their person bills and business bills. This will cause an increase in such things as HOA payments, businesses increasing pricing etc... Please do not allow this increase to happen or it will cause people to move and housing prices to go down! This is going to have a butterfly effect that will cause Seminole county residents to suffer. I beg you to not allow this to happen to us!!!

Thanks!

Renée O'Neill
