Subject: RE: water rate increase

Good morning Ms. Fossa,

We will be placing your comments below in consumer correspondence in Docket No. 20160101 and forwarding your comments to the Office of Consumer Assistance and Outreach.

Sincerely,

Brandy Butler

Commission Deputy Clerk I
Florida Public Service Commission

Subject: Re: water rate increase

I am writing to express my outrage at the unfair rate increase for Seminole County residents. I am aware that there are some wealthy residents in Seminole County that may not be adversely affected by this increase, but, there are many, many senior citizens who are not wealthy and will be adversely affected by this increase. I already cannot water my grass and depend on rain, but have cut done on clothes washing to conserve. When I watered my grass, the bill was over \$100 a month. I had to choose between my medications and water. I chose medications. Please don't punish me further because some can afford it.

Shirley Fossa,
Unincorporated Seminole County
