Good Afternoon Ms. Campbell,

We will be placing your comments below in consumer correspondence in Docket No. 20170009 and forwarding your comments to the Office of Consumer Assistance and Outreach.

Sincerely,

Nickalus Holmes

Subject: Docket No. 20170009 - Oppose FPL's Unfair Request

Dear FL PSC,

Dear Commissioners,

Reject FPL's request in Docket No. 20170009. Can you justify allowing FPL to continue to heap financial risk onto customers when apparently FPL will not commit to actually build the reactors, nor will it commit to a price tag. Further, the company can't even show that the reactors are in the best economic interest of their customers.

If the reactor project is so speculative that FPL cannot provide you with evidence that the project remains a good deal for customers, how can FPL then ask your permission to incur even more costs pursuing the licenses for the project, which ultimately allows it to recover its costs plus interest from customers?

I have already paid too much for too long toward this phantom project, as have all the other FPL customers. Enough is enough. Thank you in advance for considering customers' economic interest in this proceeding. Please reject FPL's heavy-handed and unprecedented request.

I also request that you instruct FPL to label the nuclear tax on their bill truthfully so that customers who are unwittingly paying monthly for this scam will be informed of the truth.

Sincerely,

Sincerely,

Cara L. Campbell
