

BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Petition for approval of arrangement to mitigate unfavorable impact of St. Johns River Power Park, by Florida Power & Light Company.

DOCKET NO. 20170123-EI
ORDER NO. PSC-2017-0332-CFO-EI
ISSUED: August 18, 2017

ORDER GRANTING FLORIDA POWER & LIGHT COMPANY'S
REQUEST FOR CONFIDENTIAL CLASSIFICATION (DOCUMENT NO. 05809-2017)

On July 11, 2017, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Florida Power & Light Company (FPL) filed a Request for Confidential Classification (Request) of certain information provided in its response to Staff's First Request for Production of Documents, Nos. 1 and 11, (the discovery response) (Document No. 05809-2017). This request was filed in Docket No. 20170123-EI.

Request for Confidential Classification

FPL contends that designated portions of the information contained in the discovery responses, as more specifically identified by page, line, and statutory basis in Exhibit C to its Request, constitute proprietary confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C.

FPL asserts that the information at issue concerns bids or other contractual data, the disclosure of which would impair the efforts of FPL or its vendors to contract for goods or services on favorable terms, thus placing FPL at a competitive disadvantage. Additionally, FPL contends that the discovery responses contain information relating to the competitive interests of FPL and its vendors, the disclosure of which would impair the competitive interests of the provider of the information. FPL affirms that the information is intended to be and is treated by FPL as private, and that its confidentiality has been maintained. FPL argues that this information is entitled to confidential classification pursuant to Sections 366.093(3)(d), and (e), F.S.

Ruling

Section 366.093(1), F.S., provides that records the Florida Public Service Commission (Commission) has found to contain proprietary business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), F.S., provides that proprietary confidential business information includes, but is not limited to:

(d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.

(e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The information described above and in Exhibit C, attached to FPL's Request, appears to be information concerning bids or other contractual data, the disclosure of which would impair the efforts of FPL or its affiliates to contract for goods or services on favorable terms. The information also appears to contain information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information. Thus, the information identified in Document No. 05809-2017 shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless FPL or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is hereby

ORDERED by Chairman Julie I. Brown, as Prehearing Officer, that Florida Power & Light Company's Request for Confidential Classification of Document No. 05809-2017 is granted. It is further

ORDERED that the information in Document No. 05809-2017, for which confidential classification has been granted, shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. It is further

ORDERED that this Order will be the only notification by the Commission to the parties concerning the expiration of the confidentiality time period.

By ORDER of Chairman Julie I. Brown, as Prehearing Officer, this 18th day of August, 2017.
