Subject: Pluris water is poisoning Wedgefield residents

Dear Commisioner Brown,

We purchased a home in the Reserves of Wedgefield in 2015. Orlando did a good job hiding the Pluris water issues we deal with every day. We can not drink or consume the water and don't feel safe washing vegetables or foods with it. Five neighbors on my street alone(Lyndscape) are terminally ill with stomach cancer and have been residents of this community for 20 or more years..it's hard to believe this is coincidental. I am fearful of living here for much longer if this concerning water issues is not resolved. Please help us by removing Pluris water from our homes.

Thank you,
Marie Saad
